Preliminary Information Request

*In accordance with the provisions of the Brunswick-Glynn Joint Water and Sewer Commission's (JWSC) **Standards for Water and Sewer Design and Construction** Section 1.4, the JWSC will respond to questions regarding the availability of water and sewer service to a particular location. For new and existing developments requesting water and sewer service, the JWSC reserves the right to specify the point of service, the size and type of service and the general layout of the overall system consistent with JWSC's current standards and guidelines. Existing utility locations provided by JWSC will be based upon the best available information from JWSC files including, but not limited to, GIS maps, record drawings etc. No warranty is made as to the completeness or accuracy of such information. User verification is required prior to system design. **Use of this information for design purposes without proper field verification shall be at the users own risk.***
