EXECUTIVE DIRECTOR'S UPDATE

MEETING ADJOURNED

Brunswick-Glynn County Joint Water & Sewer Commission 1703 Gloucester Street, Brunswick, GA 31520 Commission Meeting Room Wednesday, May 17, 2017 at 2:00 PM

FINANCE COMMITTEE MINUTES

PRESENT:

Donald M. Elliott, Chairman Steve Copeland, Commissioner Mike Browning, Commissioner Jimmy Junkin, Executive Director John Donaghy, Chief Financial Officer

ALSO PRESENT:

Thomas Boland, Deputy Director Charles Dorminy, Legal Counsel Jay Sellers, Public Information Officer

Chairman Elliott called the meeting to order at 2:00 PM.

PUBLIC COMMENT PERIOD

There being no citizens that wished to address the Committee, Chairman Elliott closed the Public Comment Period.

APPROVAL

1. Minutes from April 19, 2017 Finance Committee and Compliance & Legislative Committee - Combined Meeting

Commissioner Copeland made a motion seconded by Commissioner Browning to approve the minutes from the April 19, 2017 Finance Committee and Compliance & Legislative Committee Combined Meeting. Motion carried 3-0-0.

2. Pump Station 4048 Construction Award – T.B. Landmark – C. Free / P. Crosby
Christa Free presented the recommended Award for the Pump Station 4048 Force Main Improvements
Construction Project to the Committee for approval to move forward to the full Commission. She gave
the background information regarding the planned construction of a new twenty-four inch force main
along Lee and Fifth Streets in the City of Brunswick, which is the first step to address the North Mainland
Sewer Capacity issues. Christa advised that the Invitation For Bid for Lift Station 4048 Force Main
Improvements project was released on Friday, March 24, 2017, and that a Pre-Bid meeting was held on
Wednesday, April 5 with six firms in attendance. After pre-qualification requirements were met, bids
were received from three of those firms on Wednesday, May 10, 2017. Staff recommended making a
contract award for construction to the apparent low bidder, TB Landmark Construction, Inc., in the
amount of \$1,478,103.00. Pipe and associated fittings for this project were pre-purchased by JWSC and
are due to arrive beginning the week of June 26, 2017. Construction is anticipated to start in early to midJuly with a project schedule of one-hundred twenty (120) days to completion.

Commissioner Browning made a motion seconded by Commissioner Copeland for the proposal to be forwarded to the full Commission for approval to be granted to award the contract for construction to T.B. Landmark Construction, Inc. for the Lift Station 4048 Force Main Improvements, Project No. 701 in the amount of \$1,478,103.00. Motion carried 3-0-0.

3. **Appointment of Auditor** – J. Donaghy

John Donaghy presented the recommendation for the selection of auditor to the Committee for approval to move forward to the full Commission. He advised that the JWSC issued a Request For Proposal for Auditing Services on April 2, 2015 and that the firm of Mauldin & Jenkins was selected for the initial year ended June 30, 2015 with two option years. John also noted that Mauldin & Jenkins has performed the year-end audit of the JWSC for 2015 and 2016, and that the audit for June 30, 2017 will be the final option year. With the JWSC following the policy of changing auditing firms every three years, an RFP for Auditing Services will be released by the JWSC in the spring of 2018. Staff recommended engaging the firm of Mauldin & Jenkins to perform the financial audit of the Brunswick-Glynn County Joint Water and Sewer Commission for the fiscal year ending June 30, 2017 at a cost of \$24,900.00.

Commissioner Copeland made a motion seconded by Commissioner Browning to move that the JWSC engage the accounting firm of Mauldin & Jenkins to perform the financial audit of the Brunswick-Glynn County Joint Water and Sewer Commission for the fiscal year ending June 30, 2017 at a cost of \$24,900.00, the Chairman, Executive Director and Director of Administration be authorized to sign the necessary documents, and that this recommendation be forwarded to the full Commission for approval. Motion carried 3-0-0.

4. BGJWSC Delinquent Payment Policy – J. Donaghy

John Donaghy presented the recommended BGJWSC Delinquent Payment Policy to the Committee for approval to move forward to the full Commission. He began by explaining the details of the chart on page 3 within the policy package as presented to the Committee, which depicted the Receivables, including those current, over 30, 60, 90 and 120 days past due, for June 30th of each fiscal year of the JWSC since the first year beginning January 1, 2008. John noted to the Committee that based on the numbers the "write off" regarding the Bad Debt for the current fiscal year will be about \$900,000.00 for the JWSC. He then moved on to explain various sections of the BGJWSC Delinquent Payment Policy as proposed, including defining when an account becomes delinquent and the manners in which an account may be brought into good standing. John discussed promissory notes and the methods of determining guidelines for payment plans on delinquent accounts. Finally noted were the consequences of defaulting on the promissory notes for delinquent accounts. The Committee fully discussed the details and issues regarding the proposed Delinquent Payment Policy, along with the frameworks that it gives to the Customer Service Department in providing solutions for customers who are past due with their accounts.

Commissioner Browning made a motion seconded by Commissioner Copeland to move the BGJWSC Delinquent Payment Policy to the full Commission for approval. Motion carried 3-0-0.

DISCUSSION

1. Proposed Rate and Fees Structure – J. Donaghy

John Donaghy discussed the proposed rate and fees structure with the Committee. He displayed portions of the draft for the Water and Wastewater Rates and Charges for July 1, 2017 to June 30, 2018, and detailed the various fees and what organizational expenses they contribute to. John continued on to brief the Committee on sections of the drafted document and noted revised areas. The Schedule of Fees and Charges of the draft were reviewed and discussed, with new fees noted and explained. The Plan and Construction Fee Schedule was also mentioned. The document as presented to the Committee is a draft form and the proposed Budget and Rate Structure will be presented at two Town Hall Meetings, before being finalized and presented to the full Commission for approval.

2. February End of Month Financial Comparative – J. Donaghy

John Donaghy presented the financial end of month report for April 2017 to the Committee. He noted a few specifics on the Balance Sheet, such as the Bond Sinking Fund and the month end balance of almost \$26M, which is being cumulated in order to make a June 1st payment to the Bond Trustee. Also mentioned was the reduction of the JWSC Reserves from over \$16M to just under \$13M, and the increase of Construction in Progress from \$3.3M to just over \$9M since June 30, 2016. John then briefly noted the details of the Supplemental Schedule of Cash Balances along with the Revenues and Expenditures for the Fiscal Year of 2017 with a final mention of Net Revenues over Cash Requirements of \$2.4M with Encumbrances of \$2.142M, leaving a balance of only \$257K which is very close to breakeven for the Fiscal Year ending 2017. John closed with notations of details of the Project Report for 2016-2017.

EXECUTIVE DIRECTOR'S UPDATE

There was no additional update at this time.

Meeting was adjourned at 3:20 p.m.

Donald M. Elliott, Chairman

Janice Meridith,

Exec. Commission Administrator

Brunswick-Glynn County Joint Water and Sewer Commission

MEMORANDUM

To: JWSC Finance Committee

From: Pam Crosby

Date: May 17, 2017

Re: Construction Contract Award – TB Landmark Construction, Inc. – PS4048 Force Main Improvements -

Project No. 701 - Request to move item forward to full Commission for approval May 18, 2017 meeting

Background

Project 701, PS4048 Force Main Improvements calls for construction of a new twenty-four (24) inch forcemain along Lee and Fifth Streets in Glynn County and the City of Brunswick. This is the vital first step to address North Mainland Sewer Capacity issues as this line will direct flow from the proposed SPLOST project upgrades and re-route to the Academy Creek WWTP.

The Invitation For Bid for Lift Station 4048 Force Main Improvements project was released on Friday, March 24, 2107. A pre-bid meeting was held on Wednesday, April 5, 2017 with six (6) firms in attendance. Bids were received from three (3) firms on Wednesday, May 8, 2017 and the results were as follows:

BIDDER	BID AMOUNT
TB Landmark Construction, Inc.	\$1,478,103.00
Woodard Construction, Co.	\$1,517,615.00
PopCo Inc.	\$1,757,025.60

Staff Recommendation

Staff recommends making a contract award for construction to the apparent low bidder, TB Landmark Construction, Inc., in the amount of \$1,478,103.00. Pipe and associated fittings for this project have been pre-purchased by JWSC and are due to arrive beginning the week of June 26, 2017. Construction is anticipated to start in early to mid-July with a project schedule of one-hundred twenty (120) days to completion.

Suggested Motion

"I move that this item be forwarded to full Commission for approval to be granted to award the contract for construction to TB Landmark Inc. for the Lift Station 4048 Force Main Improvements, Project No. 701 in the amount of \$1,478,103.00."

To: JWSC Commissioners – Finance Committee

From: John D. Donaghy, Director of Administration

Cc: Jimmy Junkin, Executive Director

Date: May 17, 2017

Re: Selection of Auditor

Background:

The JWSC issued a request for proposal for Auditing Services on April 2, 2015. The firm of Mauldin & Jenkins was selected for the initial year ended June 30, 2015 with two option years.

Mauldin & Jenkins has performed the year-end audit of the JWSC for June 30, 2015 and 2016. The audit for June 30, 2017 will be the final option year.

The JWSC has followed the policy of changing auditing firms every three years. An RFP for auditing services will be released by the JWSC in the spring of 2018.

Recommendation:

The Finance Committee recommends engaging the accounting firm of Mauldin & Jenkins to perform the financial audit of the Brunswick-Glynn County Joint Water and Sewer Commission for the fiscal year ending June 30, 2017 at a cost of twenty four thousand nine hundred (\$24,900.00) dollars.

Motion:

"I move that the JWSC engage the accounting firm of Mauldin & Jenkins to perform the financial audit of the Brunswick-Glynn County Joint Water and Sewer Commission for the fiscal year ending June 30, 2017 at a cost of twenty four thousand nine hundred (\$24,900.00) dollars. And, that the Chairman, Executive Director and Director of Administration be authorized to sign the necessary documents."

BGJWSC DELINQUENT PAYMENT POLICY

DELINQUENCY

Payment is due 20 days from the billing date.

Accounts with arrears, pending a leak or other adjustment, are considered delinquent if the current month charges are not paid within 20 days. Once a customer is advised of the status of a pending adjustment, the full balance of the account becomes due.

Unpaid bills are subject to a late fee of 1.5% per month on the amount in arrears.

Accounts are subject to cut-off if unpaid after 30 days from the billing date. On day 31, a post card with notification of intent to terminate services within ten days will be mailed.

The account may be brought into good standing by:

 Payment in full of the outstanding balance and all fees for collection efforts as listed in the Rate Resolution.

Or,

• The account holder may set up a promissory note to pay the unpaid balance, including all fees for collection efforts as listed in the Rate Resolution, within a specified period of time (not to exceed 6 months).

Fees for collection efforts as listed in the Rate Resolution cannot be waived.

Promissory Notes

Promissory notes can be established for accounts which are delinquent or about to become delinquent.

Accounts with a balance of \$500 or more are eligible for payment plans. A minimum of 15% of the outstanding balance, or \$250, whichever is greater is required as an initial payment. The balance of the arrears may be financed through a payment plan over a term of no more than six months.

Customers who document (e.g. copy of their most recent tax return) that their income falls below 300% of the current Federal Poverty Guidelines may be eligible for an extension of the term of the payment plan of up to two years.

Customers who document (e.g. copy of their most recent tax return) that their income falls below 110% of the current Federal Poverty Guidelines may be eligible for modification of the payment plan guidelines to allow payments of \$20.00 per month.

All payment plans require that the current month billing amount AND the installment payment on the payment plan remain current.

Late fees of 1.5% per month on the past due balance will continue to be billed monthly.

The JWSC may file liens on property where the customer is the owner of the property.

Default on Promissory Notes

Customers who establish a payment plan and sign a promissory note, and, subsequently default on their scheduled payment and/or current bill will be in default of their plan.

Once in default, water and sewer service will be terminated. Payment of the full balance due to the JWSC must be made before service may be restored.

Customers who have entered into a payment plan, and defaulted are NOT eligible for subsequent payment plans.

The JWSC will not restore service to the location where the customer resides in another name, nor will the customer be provided service at another location until all outstanding balances have been satisfied, including any balances previously sent to collection.

Collections

Customers who request new services and have JWSC accounts that were previously turned over to a collection agency within the statute of limitations will be required to pay all of any such amount before a new account may be opened.

Bankruptcy

Customer who have filed for bankruptcy will be suspended from collection efforts until such time as the Bankruptcy Court confirms or dismisses the bankruptcy.

For Chapter 13 (personal) or Chapter 11 (business) bankruptcies the JWSC must be a listed creditor on the bankruptcy petition.

Once the Bankruptcy Court confirms the bankruptcy, the customer will be assigned a new account number, any existing deposits will be applied to the amount owed and the remaining prior balances will be removed. Customers will also be required to establish a new deposit.

Bankruptcy filings that are not confirmed or that are discharged will remain subject to collection actions by the JWSC.

POVERTY GUIDELINES

HOME . TOPICS . POVERTY . POVERTY GUIDELINES

U.S. FEDERAL POVERTY GUIDELINES USED TO DETERMINE FINANCIAL ELIGIBILITY FOR CERTAIN FEDERAL PROGRAMS

There are two slightly different versions of the federal poverty measure: poverty thresholds and poverty guidelines.

The **poverty thresholds** are the original version of the federal poverty measure. They are updated each year by the **Census Bureau**. The thresholds are used mainly for **statistical** purposes — for instance, preparing estimates of the number of Americans in poverty each year. (In other words, all official poverty population figures are calculated using the poverty thresholds, not the guidelines.) Poverty thresholds since 1973 (and for selected earlier years) and weighted average poverty thresholds since 1959 are available on the Census Bureau's Web site. For an example of how the Census Bureau applies the thresholds to a family's income to determine its poverty status, see "How the Census Bureau Measures Poverty" on the Census Bureau's web site.

The **poverty guidelines** are the other version of the federal poverty measure. They are issued each year in the Federal Register by the **Department of Health and Human Services** (HHS). The guidelines are a simplification of the poverty thresholds for use for **administrative** purposes — for instance, determining financial eligibility for certain federal programs.

The poverty guidelines are sometimes loosely referred to as the "federal poverty level" (FPL), but that phrase is ambiguous and should be avoided, especially in situations (e.g., legislative or administrative) where precision is important.

Key differences between poverty thresholds and poverty guidelines are outlined in a table under Frequently Asked Questions (FAQs). See also the discussion of this topic on the Institute for Research on Poverty's web site.

The January 2017 poverty guidelines are calculated by taking the 2015 Census Bureau's poverty thresholds and adjusting them for price changes between 2015 and 2016 using the Consumer Price Index (CPI-U). The poverty thresholds used by the Census Bureau for statistical purposes are complex and are not composed of standardized increments between family sizes. Since many program officials prefer to use guidelines with uniform increments across family sizes, the poverty guidelines include rounding and standardizing adjustments in the formula.

"OFFICIAL NOTICE REQUIRING PAYMENT OF OVERDUE WATER and/or SEWER ACCOUNTS OR SERVICE WILL BE TERMINATED".

Account #	Total Balance Due	Pay By This Date
		IMMEDIATELY
DATE:	, 20	

Dear Customer:

Our records indicate that your account is past due. Failure to bring your account current within [10] days will result in a default on your account. Upon default, the entire balance of your account will become due and owing, you will become subject to discontinuance of service and/or removal of your water and/or sewer meter and you will not be eligible to establish another account until this debt is paid in full, including all fines, fees, interest, and attorney's fees, if applicable. You must come into our office and pay the full amount owed without delay to avoid having service immediately disconnected. If you cannot pay it in full than you must come in to our office immediately to set up a repayment plan. Otherwise your service will terminate as of the date set out below.

FOR NON PAYMENT YOUR CUTOFF DATE WILL BE: ___/__/20___

Sincerely yours,

John Donaghy Director of Finance

WATER AND WASTEWATER RATES AND CHARGES

July 1, 2017 to June 30, 2018

WHEREAS, the Brunswick-Glynn County Joint Water and Sewer Commission, acting by and through its Commissioners, is established as a water and wastewater Utility to provide for the production and distribution of potable water and to provide for sewage collection, treatment and disposal in the community; and

WHEREAS, the Commission of the City of Brunswick and the Glynn County Board of Commissioners has adopted a Water and Sewer Ordinance, Chapter 22 of the Municipal Code and Chapter 2-16 of the Code of Ordinances, respectively, which provides for the establishment and revision of charges for water and sewer services to be accomplished by resolution of the Brunswick-Glynn County Joint Water and Sewer Commission (hereinafter referred to as the "Utility").

NOW THEREFORE, BE IT HEREBY RESOLVED that the scheduled rates for water and sewer service as set forth in Chapter 22 of the Municipal Code and Chapter 2-16 of the Glynn County Code of Ordinances shall be as follows:

Water Rates						
	Brui	nswick	<u>G</u>	<u>Slynn</u>		
Administration Fee (per bill) Debt Service (per REU)	\$ \$	7.57 2.31	\$ \$	7.57 1.62	6.06 2.31	6.06 1.64
Volume Charges (per Kgal.)						
Potable Water: First 3,000 gal. 3,001 to 6,000 gal. 6,001 to 12,000 gal. 12,001 to 20,000 gal. 20,001 and over	\$	1.54 2.07 2.58 3.20 4.84			1.36 1.82 2.27 2.82 4.26	
Irrigation: First 6,000 gal. 6,001 to 14,000 gal. 14,001 and over		2.58 3.20 4.84			2.27 2.82 4.26	
Sewer Rates						
Administration Fee (per bill) Debt Service (per REU)	\$ \$	7.57 2.76	\$ \$	7.57 7.57	6.06 2.76	6.06 7.86
Volume Charges (per Kgal.)	\$	7.15			6.30	
Sewer Only Flat Rate Calculated Based On 7,000 gal. per R	EU					
Fire Hydrant Fee	\$	0.75	\$	0.75	0.75	0.75

I. <u>Industrial Users</u>

- (a) The wastewater operation and maintenance charge shall be calculated as 50% for wastewater collection system operation and maintenance cost and 50% as wastewater treatment operation and maintenance cost for purposes of billing users discharging directly to the wastewater treatment facility without use of the Utility's wastewater collection system.
- (b) Biochemical Oxygen Demand (BOD₅) and/or Total Suspended Solids (TSS) concentrations above 200 milligrams per liter (mg/L) shall be subject to the following additional surcharges:

BOD ₅ per pound	\$ 0.45	0.45
TSS per pound	\$ 0.30	0.30

(c) After a violation, the Industrial Permit holder will be responsible for reimbursement of the cost of subsequent testing performed by the JWSC until the cause of such violation is identified and corrected by the permit holder.

II. Septic Tank Hauling Discharges

- (a) All septic tank contents discharged to the Academy Creek Water Pollution Control Plant shall be subject to payment of a fee of \$15.00 per discharge and a rate of \$0.08 per gallon discharged. This fee shall be based on the actual discharge into the plant
- (b) All septic tank contents discharged to the St. Simons Island and Exit 29 Water Pollution Control Plants shall be subject to payment of a fee of \$0.08 per gallon of truck capacity with no allowance for partial loads.

III. Fire Protection Charges

(a) The charge for any overhead fire suppression/sprinkler system installed in any facility other than single family residences shall be as follows:

1 to 2 inch Fire Suppression System	\$ 3.50	per month	3.00
3 inch Fire Suppression System	\$ 7.00	per month	6.00
4 inch Fire Suppression System	\$ 13.00	per month	12.00
6 inch Fire Suppression System	\$ 34.00	per month	31.00
8 inch Fire Suppression System	\$ 75.00	per month	65.00
10 inch Fire Suppression System	\$ 129.00	per month	117.00
12 inch Fire Suppression System	\$ 206.00	per month	187.00

IV. Planning and Construction Fees

- (a) In order to facilitate efficient reviews and inspections for a particular development, the JWSC will calculate a retainer fee for each project on a case by case basis.
- (b) For any reviews which are not conducted by JWSC, a reimbursement of all unused retainage funds will be refunded to the project owner once the project is closed.
- (c) For any project which exceeds the original estimated review needs, an additional retainage fee will be required prior continuation of work.

Capital Improvement Fees

(a) Capital improvement fees are intended to cover the cost of water production and distribution and waste water collection and treatment infrastructure. The capital tap fee shall be calculated and charged on the basis of REUs. Any fractional units resulting from the calculation of REUs shall be rounded up to the next whole unit. Capital improvement fees may be used by the Utility to pay for debt incurred to fund this type of infrastructure.

Fee Per REU:

Water \$2,400.00 Sewer \$4,800.00

(b) The fire protection capital fees shall be as follows:

1" Connection	\$ 600.00	600.00
2" Connection	\$ 1,000.00	1,000.00
3" Connection	\$ 1,300.00	1,300.00
4" Connection	\$ 1,600.00	1,600.00
6" Connection	\$ 1,900.00	1,900.00
8" Connection	\$ 2,200.00	2,200.00

10" Connection	\$ 2,500.00	2,500.00
12" Connection	\$ 2,800.00	2,800.00

- (c) Capital improvement fees shall cover only connection to existing mains that are adjacent to location to be served; the actual costs of any extensions necessary shall be charged in addition to capital fees. All fees and charges shall be paid by the customer or customers at whose request the connection is made.
- (d) In the case of lot splits, credit will be given for previous number of REU's. Capital fees must be paid on the newly created lots.
- (e) Capital improvement fees shall be paid concurrent with, the JWSC's approval of construction plans for the capacity required. The required capacity will be reserved for that property.

The JWSC will not approve construction plans when availability and/or capacity of water or sewer service is not available or is insufficient to support the building plans.

Additional capacity may be reserved based on new or amended construction plans for the property, subject to the capacity available and at the at the rates in effect at the time of the new or amended construction plan approval.

(f) The customer paying the capital improvement fees will be responsible for the monthly billed amount for administration, debt recovery and fire hydrant fees until the property, or parcels of the property, are sold or otherwise transferred to another customer. Failure to pay these fees prior to the issuance of a Certificate of Occupancy will result in forfeiture of the capacity reservation. There will be no capital improvement fee refunds in this situation.

V. Operational/Installation Fees

- (a) Water and sewer installation fees for making taps into the Utility water mains or water lines and installing water meters shall be in accordance with the fee schedule:
- (b) Actual cost charges for water and/or sewer service installations or work otherwise performed not covered in standard pricing shall be calculated in accordance with the schedule included in the fee schedule.
- (c) All hourly charges shall include travel time to and from the job location. Work performed outside regular business hours at request of customer shall be charged at 150% of the rates in the schedule. Miscellaneous charges shall include actual charges for equipment rented to perform the work.
- (d) Connections to the system for water will be made immediately after a building permit is published in the Public Records Publications ("The Green Sheets" for Glynn County, Georgia), or posted at the property location. The customer will be responsible for the Operational/Installation Fees.

VI. Meter Replacement Costs

- (a) Water meters will be removed from service locations in cases where there is no customer of record for three consecutive reading cycles. A replacement fee of \$500 will be charged if replaced within six months of removal. If over six months, see (c) below.
- (b) Water meters removed at a customers request, for demolition purposes, will be charged a replacement fee of \$500 if replaced within six months of removal. If over six months, see (c) below.
- (c) Service addresses where the water meter has been removed for six months or longer will be charged for a new meter installation at the current cost per the fee schedule.
- (d) Meters that are damaged will be replaced at cost of the meter, labor and other installation material cost.

VII. Residential Equivalent Units (REUs)

- (a) The determination of a nonresidential facility's REU shall be based on estimated water consumption as shown in guidelines below or on square footage. Peak water consumption of three hundred (300) gallons per day shall be the equivalent of one (1) REU. If the table does not provide information for a particular application, the estimated water consumption shall be as calculated by the Executive Director or his designee in accordance with sound engineering practices using information available from Georgia EPD, USEPA, AWWA or standard reference materials commonly used for estimating flows.
- (b) In the event a facility is made up of more than one smaller component facility, the determination of REU shall be calculated as the sum of the REU for all components.
- (c) A single family residence, with a meter size greater than one inch, will be considered two residential equivalent units.

VIII. <u>Hydrant Meter Rentals</u>

- (a) Hydrant meters are available for rent for purposes where water is drawn from fire hydrants.
- (b) Rental of a fire hydrant meter requires a refundable, non-interest bearing deposit of \$1,500.00 per meter.
- (c) Hydrant rental shall consist of a monthly rental fee of \$15.00 plus water administrative, debt and usage charges based the current portable water rates.
- (d) Meters must be returned to the JWSC annually, or as directed by the JWSC, for testing of accuracy and backflow.
- (e) Hydrant meter readings must be submitted to the JWSC by 5:00pm, the first business day of each month. Reading submitted after that time will be subject to a late reading fee of \$25.00.

IX. Payment of Fees

All fees, other than monthly bills, must be paid in advance of services unless other payment arrangements are approved by the Executive Director or their designee.

X. Deposits

Deposits shall be two and one-half ($2\frac{1}{2}$) times the monthly bill for all services, as estimated by the Executive Director or his designee using whatever data may be available, with a minimum deposit of one hundred dollars (\$100.00) per REU for residential and one hundred fifty dollars (\$150.00) per REU for commercial, and shall be non-interest bearing.

XI. Penalty

Payment of these rates, fees and charge civil or criminal action resulting from viola County Water and Sewer Ordinance.
