ADDENDUM: Two (2)

DUE DATE: Tuesday, January 18, 2022 – 3:00 P.M., EST

THIS ADDENDUM IS FOR THE PURPOSE OF ANSWERING THE FOLLOWING QUESTIONS:

- 1) **QUESTION:** In review of the available drawings for each station provided at the Dropbox link, we found that the drawings in file “BRUNSWICK_1963 07_JULY_SPLINT_CONTRACT C Sheet 12-15” for both Pump Station 4001 and 4002 are identical. Is this correct?

ANSWER: The drawings for those two stations are in the same “set”. Sheets 12-15 were included on both stations so that firms are aware that the information provided pertains to both stations. The project map from the original drawings is attached here and posted to the website for clarification, <https://www.bgjwsc.org/request-for-proposals-no-22-014-engineering-services-for-pump-station-upgrades-for-ps3101-ps4001-and-ps4002/>
