

Facility Construction Project Photos – December 2024

#2104 PUMP STATION 4002 REHAB (IN PROGRESS - TBD)

1. Kevin Dockery (PopCo Subcontractor – HDI Power & Controls Superintendent) performing work on the Automatic Transfer Switch, Main Disconnect Switch, and GA Power Meter panel.
2. HDI crew members performing electrical panel and conduit installation for the PS4002 loading dock and control room.
3. Electrical installation activities are ongoing, with LED lighting fixtures installed in the lower dry pit level.
