

## Facility Construction Project Photos – May 2024

#2102 CANAL ROAD WATER PRODUCTION FACILITY (0% - JUNE 2025)

1. **Tim Baker (AGL Field Operation Superintendent), Bruce Broome (Reeves Young Superintendent), and Seth Wofford (Reeves Young Project Manager) are conducting a meeting to discuss the removal and replacement of the natural gas meter (size 1000) assembly.**
2. **View of the existing natural gas meter to be removed and replaced by AGL. A Pipehorn 800HL Dual-Frequency Pipe & Cable Locator is connected to the meter to assist with locating the buried gas line.**
