

Facility Construction Project Photos – June 2024

1. Jim Bond (Brake-4-Less Property Owner) is attending the Ga Power pole relocation meeting with PopCo – Mr. Bond is excited about the work and looks forward to the Pump Station Improvements.
2. Drone view of the Pump Station 4044 project site.
3. Drone view of the Mall EST Laydown yard for the PS4044 project—10-foot diameter wetwell sections, valve and flow meter box sections, and sheet piling components have been delivered.
4. Newly delivered sheet piling bracing components to the Mall EST laydown yard.
