

## **Facility Construction Project Photos – January 2025**

1. View of the ongoing construction activities – final paving pending scheduling and weather.
2. PopCo crew members performing 1-inch coring for flow meter wiring.
3. Eastbound view of the new electrical panels – GPC meter installed and awaiting final wiring.
4. James Merrit (PopCo Superintendent) inspecting the ATS Controller Panel.
5. View inside the flow meter vault.
6. View from inside of the valve isolation pit.
